With its straight edges and velour texture, Select Series colors were developed to fit the needs of today’s designers. Silver provides a contemporary look & feel, while Maroon lends a more traditional appeal to design palettes. Our Valencia color takes the popular Marshall from our Crossroads Series and incorporates a clean look, where earth-toned projects are complemented by Kodiak’s soft brown tones.

An integrated masonry & hardscape solutions company.

From our very beginning in 1871, Brampton Brick is built from the ground up on brick and stone products created to help architects and designers masterfully create and refine living spaces.

As a leading provider of complete masonry and hardscape solutions, all of our products are precision-engineered with high density factors, meaning a much more durable outdoor living space that withstand the test of time and all the wear and tear that life can throw at it.

When it comes to quality masonry and hardscape solutions, our clay and concrete products deliver a wide selection of color, texture, and scale, designed to perfectly coordinate across exterior surfaces. Whether you’re buying your first home, building your dream home or designing an architectural masterpiece, you’ll have everything you need to make your project come to life by choosing Brampton Brick as your One Trusted Source.
Product representations shown in this publication are intended to convey the general color, texture and appearance of the product. Variations may occur in the manufacturing and printing process. Always select from an actual product sample. Please refer to your local building code for proper installation of all products in this guide.
