Molina® Ferro Finish is a non-stock (made-to-order) extension of our original Molina® product line, developed to provide a slip-resistant finish, and both a visual and textural contrast when used as a decorative border or accent piece, not only for Molina® but for any of our 60mm or 80mm (2.36" or 3.15") slab and paver products.

As part of the Eterna Collection of products, Molina® is manufactured to withstand the test of time using our EliteFinish™ technology. This means that when the shot blast is applied to the surface layer to reveal the enticing Ferro Finish texture, only the finer, most durable aggregates are exposed.
